POLICE COMMISSION MEETING
13 October 2009

CTO

Commissioner Matt Mason called the meeting to order at 7:12 p.m. In attendance were Commissioners Mark Ketley, Chris Weldon, Acting Chief Michael Lombardo, Captain Robert Crosby and Claire Furano.

MINUTES

A motion made by Commissioner Ketley and seconded by Commissioner Weldon to approve the Minutes of the September 14, 2009 Regular Meeting passed 3-0, as amended to include that the Tom Fleming case was discussed. A motion was made by Commissioner Mason and seconded by Commissioner Ketley to approve the Minutes of the September 18, 2009 Special Meeting, which passed 3-0.

DISCUSSION OF MONTHLY REPORTS

The Commission reviewed, discussed and accepted the monthly reports. Acting Chief Lombardo noted that motor vehicle stops are down 16% compared to the same time period in 2008. This is attributed to the fact that we are down two officers and the two remaining STP officers are also covering shifts.

Commissioner Mason pointed out that domestic incidents are up to 87 calls through the month of September this year, in comparison to a total of 60 calls for all of 2008. Commissioner Weldon added that looking at the months of September 08 (six incidents) and 09 (seven incidents) indicates the numbers are pretty consistent.

It was also noted that the number of EMS calls is high and is attributed to the senior housing. The number of Motor Vehicle Accidents is also up.
The August/September traffic report was reviewed. Acting Chief Lombardo stated that
the speed trailer has been put in various locations around town by the day shift and is
returned to the PD by the evening shift. It has been effective and is well received by the
public.

The line painting is complete on Route 7 and has greatly reduced the confusion about
which lane to use.

Acting Chief Lombardo has spoken to Tom Thunkettle about a crosswalk on School
Road, by Cider Mill School. It was suggested that a pedestrian crosswalk sign be
installed there, as well. The new crosswalk and pedestrian sign by the Coldwell Banker
Office has been well received.

The removal of the barrels and complete opening of the four lane roadway is dependent
upon DOT approval. The traffic lights at Sharp Hill, Cannon Road and Olmstead Hill
Road must be working before this will occur. Lt. Lynch has been and continues to press
for the lights to be set-up and working with the hopes that the road will be completely
open by the end of October.

Commissioner Matt Mason said there has been noticeable improvement in the road over
the last month. He commended Lt. John Lynch for all the work he has done in seeing this
project through.
