Chairman Hal Clark made a motion to add to the agenda updates from Terrie Schwartz on the Middlebrook Building Committee and from Jack Suchy on the Comstock Building Committee.

Guest speaker Dan Mozzicato, President of Millard Enterprises, gave an informative presentation on 3M safety and security film. The product is applied to windows as an enhanced security measure. The presentation was followed by a question and answer period. Cost analysis, warranties and various plies, etc., were discussed. Signed quotes and contractual arrangements remain to be addressed.

Chairman Hal Clark expressed his appreciation to the Board of Education and the community for supporting the recommendations of the Security Task Force to enhance the safety and security of the schools.

Chief Lombardo will communicate with the private schools and bring them up to date on the security steps being taken at the public schools. They may want to piggy-back on to what is being done for security and economic reasons.

Additional topics discussed were: lack of illumination behind Middlebrook School, numbering classrooms outside as well as inside the buildings, adding bus numbers on the roofs of the buses, acquiring additional quotes for the high school vestibule, swipe pads, mass communication system and inviting Alertus back to a WSTF meeting since we are further down the pike and consideration of Alertus at Miller Driscoll. Also discussed, were educating specific school staff from a security standpoint, security at construction sites and vulnerability during construction.

Updates on the building projects were discussed.

The next WSTF meeting will be held on June 17th, 7:30 p.m. in the [Annex](#).

The meeting adjourned at 9:10 p.m. with a motion by Jack Suchy, seconded by Chief Lombardo and unanimously approved.
